**Dayna, Heidi, Cailey,  
Cody, and Craig**

What another fabulous year to be in the cattle business. With record high cattle prices and high input costs a bull buyer must select bulls that will add value to the buyers operation. Our bulls will do just that, they will add pounds, maternal traits, carcass, and docility to your valuable herd.

Our bulls have not been creep fed. They were started on a 42 mega cal high roughage diet at weaning time and two months later increased them to just a 44 mega cal diet to present. This

balanced ration will let these bulls express natural muscling and skeletal growth.

Our bulls have a new home, no more driving 26 miles round trip to feed them. Heidi, the kids and I put in many long hot hours this last summer building our new bull development facility. I guess I can't call them kids any more after this project. They busted their butts, tamping posts, hanging sucker rods and gates, stringing cable and digging in water lines, they did it all. I want to say a big thanks to Heidi, Cody, Cailey and Dayna for all your help last summer and through out the year.

All the bulls will have passed their semen evaluation and had their vaccination shots for the 2012 breeding season. Scrotal, pelvic measurements, ultrasound data and final weights will be available on sale day. If you would like a supplement sheet before sale day or have any questions please contact us, or look us up on the web at [www.rothangusranch.com](http://www.rothangusranch.com)

Please join us Friday, March 23rd for a complimentary lunch beginning at 11:30 a.m. at Mitchell Livestock in Mitchell, S.D.

Sincerely,  
The Roth Family
