What can make your herd more profitable? A great genetically balanced bull with all the data to back him up.

At Roth Angus Ranch, we welcome you to our family's 15th Annual Performance Tested Bull Sale. We strongly feel that we can offer you the best set of genetics anywhere with well-balanced traits that will produce a strong set of calves and give you the reassurance that we take great

care of our customers.

We have a solid set of bulls that will put value back in your herd. These bulls came off pasture with no creep feed and started a balanced high roughage, low mega calorie diet. J&R Feeds designed this ration to naturally express their genetic potential. Our goal in feeding is to express muscle development and skeletal growth and yet be sound and functional for their first breeding season and beyond. We strive to give our customers these characteristics in every bull we sell.

All bulls selling will have passed their semen evaluation and had their vaccinations for the 2013-breeding season. We will have a supplement sheet sale day with their latest epd's or check our web site at www.rothangusranch.com

Please join us Friday, March 22nd for a hot Angus Beef lunch beginning at 11:30 a.m. at Mitchell Livestock in Mitchell, S.D. We look forward to seeing you there.
