Cattlemen,

Welcome to our family's 18th Annual Performance tested bull sale. We would like to invite you to our place on March 25th, 2016. This year we are offering 43 yearling and 12 fall bulls that have been performance tested and evaluated for breeding soundness. We have recorded data on these bulls in all areas including calving, weaning, yearling, carcass, ultrasound, hip height, pelvic and scrotal measurements. By taking and recording this data it allows you to know what each bull is capable of doing and also allows us to improve our herd.

We specifically breed our cows to produce easy calving, rapid growing progeny that also exhibits outstanding maternal traits. Docility and structural soundness is of upmost importance as well as phenotype of each offspring produced. In addition to that we feel that each animal needs to have the ability to perform in the feedlot and on the rail.

We would enjoy having you join us on March 25th @ 4:00 p.m. for our video auction. Immediately following the auction, please stay for our post sale social and Angus supper.

Thanks and God Bless,  
The Roths
