ANGUS RANCH

26th Annual Sale
FRI., MARCH 22, 2024
4:00 PM • At the Ranch Freeman, SD

Dear Cattlemen and Cattlewomen,

We extend a warm welcome to our 26th Annual Angus Bull Sale. We want to express our gratitude for your interest in our genetics. Your support and enthusiasm for our program inspire us to work tirelessly, ensuring your success and the enhancement of your herd's value. Our family is dedicated to the continuous improvement of our cow herd, the bulls, their environment, and genetics. Through the utilization of our exceptional multi-trait Roth Angus bulls, you can expect progeny that are not only profitable but also excel in all sectors of the industry. We are thrilled and immensely proud of the bulls we have available this year.

We take a moment to reflect on the remarkable journey we have undertaken over the past 26 years. We have relocated and have been fortunate enough to host our sale at the ranch for the past 11 years. We have diligently enhanced the genetics of our cow herd, resulting in the production of top-performing cattle. Moreover, this journey has allowed us to forge new connections with individuals near and far, leading to the formation of lasting friendships. In October, Cody, Haley, and Stetson returned to their home after the unfortunate house fire they experienced in March. Cailey and Jake purchased their first home in Belle Fourche in August and have been enjoying undertaking small projects to make it their own. Furthermore, Dayna successfully graduated from USD with a nursing degree and has commenced full-time work at Avera in Sioux Falls.

We have a wide selection of bulls available in this sale, including 51 yearlings, 7 fall bulls, and 1 two-year-old. These bulls have undergone thorough performance testing and evaluation to ensure their breeding soundness. We have collected comprehensive data on various aspects of these bulls, such as calving, weaning, yearling, carcass, ultrasound, hip height, pelvic, and scrotal measurements. During their development, these bulls were nourished with their mother's milk and green grass until weaning. After weaning, they were transitioned to a high roughage, low Mcal diet. Our primary objective has always been to produce bulls that exhibit excellent muscle development and skeletal growth while maintaining soundness and functionality for their first breeding season and beyond.

In our operation, we focus on breeding cows that are specifically selected to produce offspring with easy calving abilities, rapid growth, and exceptional maternal traits. We prioritize docility and structural soundness, as well as the phenotype of each one. Furthermore, we strongly believe that every animal should possess the capability to excel in both the feedlot and on the rail.

Come and join us on Friday, March 22nd at 4:00 p.m. for our video auction. After the auction, we kindly request you to stay for our post-sale social and Angus supper. Thank you for taking the time to view this year's exceptional offering, and we eagerly anticipate your presence on the day of the sale!

Thanks & God Bless,

The Roth's

View the Auction Live! Bid Online... you're ringside right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.DVAuction.com under the "Register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction — a DV representative will notify you once you have been approved.
3. Tune in for the sale to make your purchases!

High Speed internet is required for successful bidding—be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.
Proxy-bidding — if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!
